

*We shape the leaders,
thinkers, and change-
makers of tomorrow.*

Nurturing followers of Jesus Christ through an intentional, relational, and holistic approach that brings community transformation through their disciple multiplication and integrity in family, work, and community life.

Welcome to Discipleship Life!

EMMANUEL
DISCIPLESHIP ACADEMY

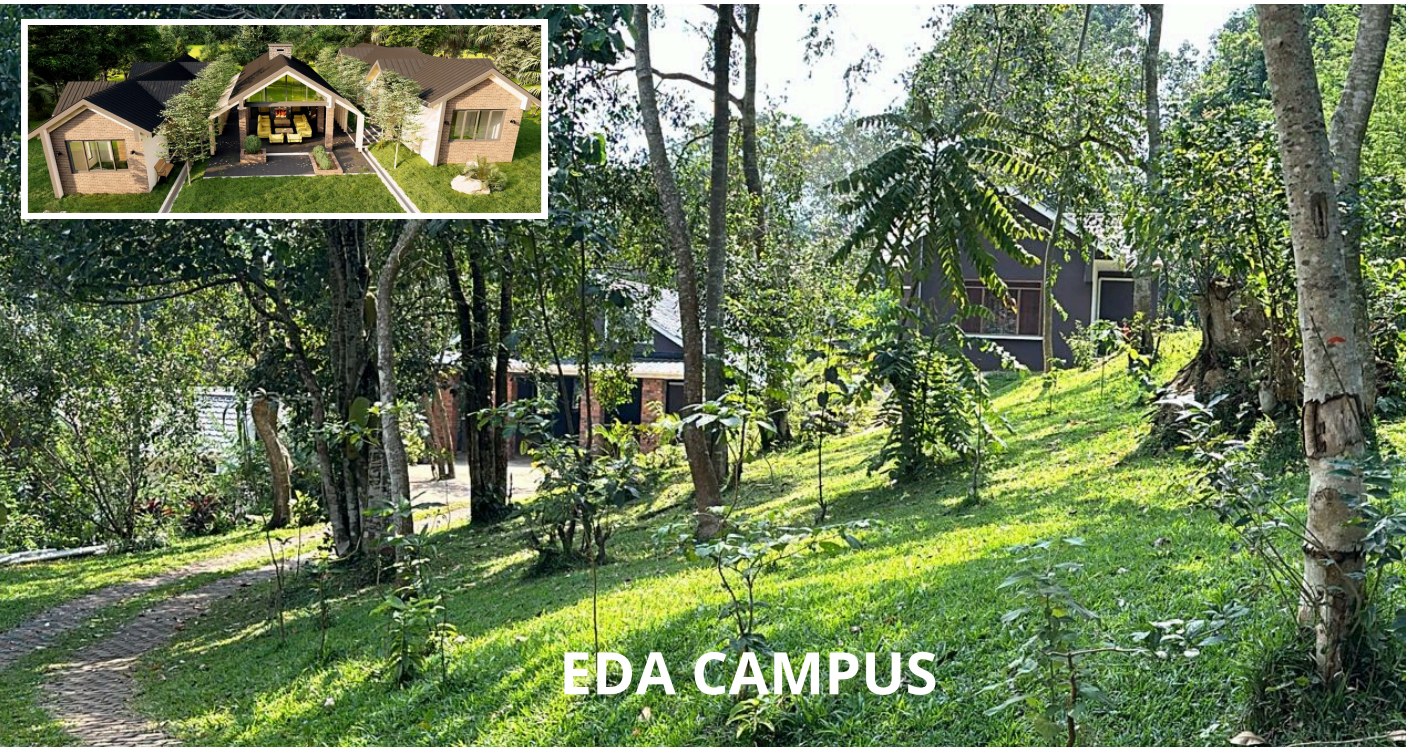

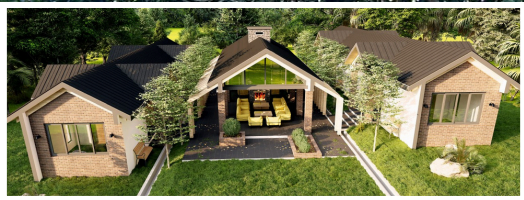

Developing 'Disciple Making Leaders' who disciple individuals and transform communities.

Emmanuel Discipleship Academy is an intimate and focused residential program where we invite 12 Christian young adults to live on site with the intention of developing Disciple Making Leaders.

Our campus is located in a beautiful gated community within the Kajjansi Town Council, Wakiso District-Uganda. Nestled amidst a natural environment of trees and wildlife, the accommodations and grounds are designed to create an atmosphere that facilitates learning, personal reflection and meditation, enjoyment of nature, and strong interpersonal relationships.

The program runs for three and a half months twice a year beginning in January and again in July. Participants engage in a variety of activities including Bible studies, group discussions, life skills, meeting with a variety of mentors, recreation, and spiritual disciplines.

EDA CAMPUS

A "THREE-CORD" APPROACH TO DISCIPLESHIP

RELATIONAL

Speaking biblical truth in the context of caring relationships to help people pursue God. In order to live our lives in the way that God has designed, we must use relational discipleship to create followers of God who know his truth and live it out.

INTENTIONAL

Being intentional to develop disciples of Jesus through enhancing their skills, desires, and methods such that they replicate the discipleship process in their spheres of influence and communities.

HOLISTIC

Developing comprehensive wisdom on how to glorify God amidst the average experiences, daily surprises, and even the humdrum details of life. True biblical discipleship addresses the entire Christian in the natural course of his or her entire life. It is a process that is carried out in our natural daily rhythms.
